A JOURNEY THROUGH WELLNESS

Nilo Spa Design mira ad offrire ambienti confortevoli, finalizzati sempre al benessere di anima e corpo, creando veri e propri concept, e si viene rapiti e racchiusi in un'oasi di design, comfort, eleganza e bellezza. Rientrando dal mio ultimo viaggio in India, un mio pensiero è stato catturato spontaneamente dalla parola del Sanscrito "Namastè" che significa "lo spirito che è in me onora lo spirito che è in te; la mia anima riconosce la tua anima".

Questa frase ben riassume l'essenza unica e l'anima speciale di Nilo, poichè non si limita soltanto ad arredare, ma a trasferire le nostre emozioni, la nostra passione, il nostro entusiasmo in ogni nostro articolo e questo fa la differenza.

L'espressione di saluto originaria dell'India è diffusa in molte regioni dell'Asia, è accompagnata dal gesto di giungere le mani all'altezza del petto, del mento o della fronte, accennando al contempo un inchino col capo.

In questo vocabolo Sanscrito è racchiusa la filosofia di Nilo Spa Design.

La nostra missione non è solo arredare, ma è trasferire le nostre emozioni, la nostra passione, il nostro entusiasmo in ogni nostro progetto per offrire ambienti confortevoli, finalizzati al benessere di anima e corpo dei nostri clienti.

"Ogni viaggio è come un sogno ad occhi aperti. Chi ha il coraggio di sognare, ha l'audacia di realizzare ciò in cui crede e l'insolente spregiudicatezza di vivere come desidera".

"Every journey is like a daydream. Only those who have the courage to dream have the bravery to achieve what they believe in and the insolent irreverence to live as they wish".

Nilo Spa Design aims to offer comfortable environments always focused on physical and spiritual well-being, creating real concepts, where you are enthralled and surrounded by an oasis of design, comfort, elegance and beauty. Returning from my latest trip to India, I was suddenly struck by the Sanskrit word "Namaste" which means "the spirit in me honours the spirit in you, my soul recognises your soul".

This phrase perfectly captures Nilo's unique essence and special spirit, because it does not just provide furniture, but conveys our emotions, our passion and our enthusiasm in every one of our items and this is what makes the difference.

This greeting originally from India but now spread across many Asian regions is accompanied by a gesture of putting your hands together by your chest, chin or forehead, while also bowing your head slightly at the same time.

*This Sanskrit word embodies the whole Nilo Spa Design philosophy.*

*Our mission is not only to furnish but to transmit our emotions, our passion and our enthusiasm in all our designs, offering comfortable settings to ensure the well-being of our clients, in both body and mind.*

MANUTENZIONE / CARE and CLEANING

Per rimuovere macchie solubili in acqua, come caffè, soft drinks, latte, birra, ecc., usare una spugna morbida con acqua e sapone neutro, tamponare sulla macchia e successivamente pulire con un panno morbido ed acqua.

*Ordinary dirt and water soluble stains such as coffee, soft drinks, milk, beer, etc., can be removed by using a clean cloth or soft sponge and dabbing the stain with soapy water. Remove the soap solution by wiping the area with a cloth and clean water.*

Il prodotto puo' essere stirato al rovescio, ad una temperatura max di 110°C, meglio frapponendo un pannino.  
*The product can be ironed on the back at a max temperature of 110°C, better interposing a humid cloth.*
